Vision

Rebuilding the Lakota Nation through Education

Mission

The mission which emanates from the charter of the Oglala Sioux Tribe is to educate students for professional and vocational employment opportunities in Lakota country. The College will graduate well-rounded students grounded in Wolakolkiciyapi-learning Lakota ways of life in the community-by teaching Lakota culture and language as part of preparing students to participate in a multicultural world.

The education shield represents a division of the Teton Nation. This shield incorporates the traditional Lakota values and symbols with contemporary goals, objectives and philosophy of the Oglala Lakota College. The peripheral feathers represent the districts of the Pine Ridge Reservation. The four pipe feathers represent the sacred concept of the four winds and the four virtues of bravery, generosity, fortitude, and wisdom. Finally, and certainly not the least, are the crossed sacred pipes in the center, used for healing and as instruments for peace.. -Edwin
